### Meeting Notes

#### 1. Introductions and advisory group member updates

The group welcomed Christi Hurt who will begin her role as Senior Prevention Strategy Officer on 7/7/21.

The group welcomed Aishwarya Sharma, new undergraduate student member.

#### 2. Open discussion of the report and next steps

The group discussed the report and hopes that now that the SPSO is starting that the immediate action steps will be taken. The group asserted that the SPSO needs senior leadership (Vice Chancellors, Provost, Chancellor) to create pathways through which the SPSO can prioritize gender-based violence prevention. Key components of the report were structural change and accountability. The group hopes that a revised timeline for the immediate action steps delineated in the report can be established as soon as possible.

The group also discussed the importance of allocating fiscal and personnel resources that the SPSO can use to move the prevention agenda forward. This allocation is critical to advancing prevention programming, especially given the Sexual Violence Prevention Coordinator's departure from UNC in mid-June.
